## RELEVANT EXPERIENCE

### JUNIOR FULL STACK JS DEVELOPER

*Northcoders, Manchester, UK | July 2018 - January 2019*

Developed full stack web applications using JavaScript, React.JS, Express, Knex and PostgreSQL to demonstrate end to end web app development for training purposes.

Additionally worked on a team learning Solidity and the Truffle framework to develop and launch a DApp on the Ethereum blockchain to demonstrate the issues inherent to online voting. My contribution included project management, creating the smart contract as part of a two-person team and using the Truffle framework to create a React.JS frontend for the project.

### COMPANY DIRECTOR / CONSULTANT

*Cook:Manchester Ltd., Manchester, UK | July 2013 to Present*

Founded, built and managed a commissary kitchen and food business consultancy in Manchester, UK.

Regular day-to-day activities involved digital and physical marketing, facilities management, accounting and sales of services as well as a high level of customer care for all clients.

Consultancy work involves working within a personalised plan with each client to assist them with product costing, product and brand development, food hygiene training, legal advice and market analysis.

Successfully helped many small food businesses in the UK from concept to opening their first permanent locations, some of which are now beginning national expansion.

### MICROSOFT DIXONS RETAIL ADVISOR

*McCurrach UK | October 2012 to April 2013*

Operated as retail tech advisor for Microsoft products across a portfolio of 60 big box stores in the North-West of England.

Oversaw initial staff training, store merchandising and product advocacy during the launch of Windows 8, Office 365 and Microsoft Surface products as well as producing regular high quality reporting on customer feedback and market competition for Microsoft's product line.

## EDUCATION

**UNIVERSITY OF SALFORD, UK**  
**2006-2009**

*Journalism & English Literature BA*

**UNIVERSITY OF CANTERBURY, UK**  
**2001-2003**
